Report on MoU with the Gram-Panchyat (Pimpalgaon Pisa)

From 2019 to 2022

Our college established a Memorandum of Understanding (MoU) with the Gram Panchayat to collaborate on the collection and disposal of waste within our campus. The primary objectives of this partnership are to ensure efficient waste management practices, and contribute to environmental sustainability. Under the MoU, the Gram Panchayat is responsible for waste collection and disposal, providing necessary infrastructure, resources, and personnel. The college support these efforts by facilitating space for waste collection points, promoting awareness among the college community, and collaborating with the Gram Panchayat on awareness campaigns. Both parties are working together to implement proper waste segregation and recycling practices. Regular reporting and communication channels is established to address concerns, share progress, and identify areas for improvement. The Gram-panchayat of Pimpalgaon Pisa sends daily garbage van to the college to collect the disposals. College collects the degradable and non-degradable waste properly. Dustbins are placed in campus.
